AUTUMN | WINTER 2020

Autumn-Winter 2020

I am really excited to make the introduction to our Remington Autumn Winter 2020 range catalogue because it highlights some amazing innovations with our new product line up. Building on the success of recent years it is a very positive situation as we continue to grow sales and market share across our region and the enthusiastic response we get to our products gives us great encouragement that our development programme is really being well received in the market. We continue to invest even greater levels of resource into research to understand what consumers really want from the Personal Care products they are looking for and then we take the research findings to create innovative products that really deliver against the needs highlighted by consumers. To support this approach, I would like to give a special mention to the following introductions in this new range:

Hydraluxe Pro
Our new Hydraluxe Pro Straightener and Hydraluxe Pro Hairdryer feature an innovative Hydracare sensor and Hydracare mist technology, so expert styling results can be achieved with complete protection from heat damage*. In addition, moisture lock ceramic coating and conditioners help preserve the perfect balance of moisture in the hair, so styles can be locked in.
**no added damage vs. air dried, un-styled hair when styling with the Hydracare function switched on at the recommended temperature.*

Hydraluxe
The advanced technology in the Hydraluxe Pro range cascades down into our new Hydraluxe range; a Wand, Air Styler, Straightener and Hairdryer, with a more mass market price point. They feature moisture lock conditioning technology and Hydracare temperature controls, so that healthy looking, shiny results can be achieved without the worry of excessive heat damage.

We continue to work as a global organisation to bring the best possible products to the market that offer great performance and quality that means we can continue to grow the business successfully. This is achieved through great teamwork and cooperation between our colleagues all over the World and also incorporates the feedback we get from all forms of communication we receive as this proves to be so valuable. On this point I would be delighted to hear from you with any comments you may have regarding our Personal Care business as this continues to be of significant importance to our ongoing development.

I hope you enjoy the new range and thank you for the ongoing support.

Kind Regards

Tim Wright

HAIRCARE

We are devoted to helping men and women get the hair they love. We combine our expertise and experience with a passion for innovation to develop styling products that respect and care for hair, whilst achieving great results every time.

The Latest Technology

From advanced heat protection sensors and innovative product designs, to the latest smoothing and strengthening ingredients like keratin, shea oil and almond oil. Remington has drying, straightening and styling tools that are effective and easy to use.

Dry

Start the journey to great hair with our range of expertly designed hairdryers. From the Air3D, with its advanced 3D airflow design to the chic styling of the PROluxe range or the professional power of the ProAir, there's a dryer that's right for everyone.

Straighten

For taming frizz and creating glossy locks, Remington products include features such as advanced floating plates, super-fast heat up times (from just ten seconds), wet-to-straight technology and variable temperatures to get exactly the right temperature for every hair type.

Style

For the latest looks, to add volume and create curls of all sizes we offer a wide variety of tongs, wands, crimpers and rollers.

HYDRALUXE PRO

MOISTURE MAKES THE DIFFERENCE

For expert results with no heat damage*, discover the Hydraluxe Pro Straightener and Hairdryer. Designed with advanced Hydracare technologies and moisture lock coating and conditioners, they help preserve your hair's perfect balance of moisture, so you can achieve smoother softer, shinier styles**

**89 of 116 straightener users agreed, compared to their current straightener in 2019
**92 out of 113 hairdryer users agreed compared to their hairdryer in 2020*

Advanced Colour Protect

PROTECT YOUR COLOUR. LOSE THE FADE.

Get the ideal styling temperature to keep your hair colour shiny with the Advanced Colour Protect collection. This high performance range has been specifically designed to help ensure long-lasting hair colour vibrancy. The products feature sensors which tailor the temperature to your hair whilst you style, giving you the power to help combat the colour fade and damage caused by overheating, without any compromise on fast styling and long-lasting results.

Infused with Moroccan Argan Oil Wide Plates Variable Heat

Wet 2 Straight

Wet2Straight is designed to help streamline your morning routine, saving you precious time and effort.

Simply towel dry wet hair, then let the straightener do the rest. As the plates glide through the hair, the excess water vapourises through specifically designed vents, cleverly drying and straightening at the same time.

Cutting out the need for a separate hairdryer, it's ideal for on the go, or when you're trying to travel light. So why not cut down time styling, but ensure you still get the healthy, glossy look you want?

Remington Wet2Straight: For the on-the-go you.

FEMALE HAIR REMOVAL

From quick fix shavers and trimmers, to state-of-the-art epilators and high tech IPL systems, the Remington depilation collection has a hair removal solution to suit every consumers need; whether they are looking for results that last for days, weeks, months, or reduce permanently:

i-LIGHT

Developed with a leading dermatologist our IPL systems use PROPULSE™, similar to technology used in professional salons. It uses light energy to target the hair root and disable the growth cycle.

i-LIGHT is clinically proven to be safe, effective and permanently reduce unwanted hair on the face and body.

Compact Control HPL

Designed to meet consumer needs of a compact and convenient device that provides permanent hair reduction. The Compact HPL features advance triggerless technology allowing for a full body treatment in less than 20 minutes.

Epilators

The Smooth & Silky epilator range feature our Advanced Epilator System which has been designed for comfort and smoother results. With the Ultimate Contour Cap removing 60% more hairs in one pass*, you can be hair free for up to 4 weeks.

Shavers and Trimmers

Our shave and trim collection is a fast and easy way to remove unwanted hair. Removing hair above the skin surface the results are instant, pain free and last for days.

FEMALE HAIR REMOVAL

*Vs previous model in lab testing

The i-LIGHT Collection

Intense Pulsed Light (IPL) hair removal for the body and face**

Developed in association with a leading dermatologist, i-LIGHT is fast, gentle to the skin and is clinically proven to provide permanent hair reduction safely and effectively at home.

What is Intense Pulse Light (IPL) and how does i-LIGHT work?

IPL (Intense Pulsed Light) is a well-established technology used worldwide for over 15 years. i-LIGHT uses this technology to flash your skin with an intense pulse of light.

The pulse works under the skin's surface to target hairs at the root, helping to stop their growth. The energy in the pulse of light targets dark colouring, so the best results are seen on darker hair.

Get ready for naturally beautiful skin

Harnessing Intense Pulsed Light (IPL) technology, the same technology used in professional clinics and salons by dermatologists, i-LIGHT is clinically proven to provide permanent hair reduction, and is safe & easy to use at home. i-LIGHT is dermatologist recommended and gentle to the skin.

Fast & Effective

i-LIGHT features an intelligent multi-flash mode for continuous movement for fast treatments of larger areas. Now with a 50% larger flash window* for even quicker treatments.

Where to use

i-LIGHT is a corded device and ready to use when it is convenient for the user in the privacy of their own home. i-LIGHT is a unisex device that has the same effective results when used on both male and female body hair. i-LIGHT can be used to achieve permanent hair reduction on the legs, arms, underarms, bikini line, back, chest, shoulders and the female face**.

The majority of our models include a specially designed facial attachment which is perfect for use on the delicate facial area**.

i-LIGHT PRESTIGE also includes a bikini attachment for precision treatments of the bikini area.

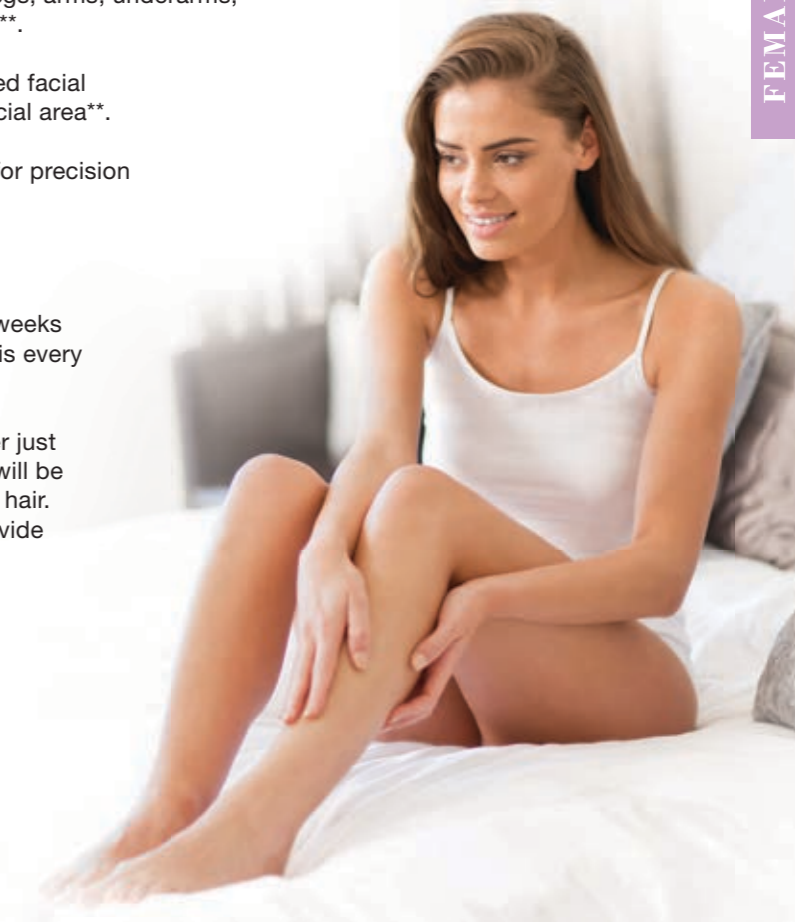

What to expect from i-LIGHT

Most users will begin to notice fewer hairs just a few weeks after beginning the treatment. A full treatment regime is every two weeks for three treatments.

Our clinical trials proved significant hair reduction after just three treatments*** and any regrowth that may occur will be less dense, finer and lighter in colour than the original hair. Following the initial regime, top up treatments will provide even better results.

*vs previous model.
** Only suitable for female facial use below the cheekbone.
***Individual results vary. In clinical testing on the body, treatment sites showed up to 94.3% and on average 66% fewer hairs twelve months after just three treatments. Similar to results observed from professional hair removal devices.

iLIGHT

LUXE - IPL HAIR REMOVAL

CONFIDENCE IS PERMANENT

We've been helping you reinvent and remove your hair for over 80 years. Our IPL is clinically proven to get you hair free with permanent hair reduction in just 3 treatments*.

It's intelligent skin sensor continuously reads your skin tone, adjusting to optimum power for safe, personalised treatments.

ULTIMATE FACIAL CARE KIT

Save space in your beauty bag, with this one handy product which does it all. The battery-operated Remington Ultimate Facial Care Kit can be used for epilation, cleansing, trimming and revitalisation.

The facial epilator can be used on the chin, upper lip and forehead, as well as maintaining the eyebrows. Its bi-directional function means both eyebrows can be styled evenly and symmetrically.

After you've epilated, the massage roller is the ideal way to revitalise your skin.

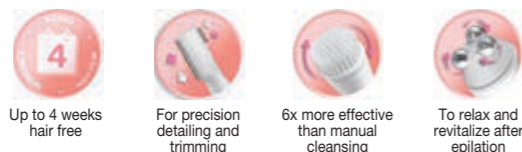

The Facial Care Kit also comes with a mini pen trimmer, ideal for precision detailing and trimming.

EP7070 Ultimate Facial Care Kit

- Facial Epilator - For use on chin, upper lip, forehead and to maintain eyebrows
- Up to 4 weeks hair free - Removes the shortest hairs (0.5mm) for silky smooth skin
- Facial Cleansing Brush - 6x more effective than Manual Cleansing
- Massage Roller - To relax & revitalize after epilation
- Mini Pen Trimmer - For precision detailing and trimming
- Bi-Direction- Ideal for use on both eyebrows
- Sleek compact design ideal for precision
- Cleaning Brush
- Battery Operated (1x AA Included)

FEMALE HAIR REMOVAL

GROOMING

Male grooming is a growing category. Consumers invest more than ever before on looking and feeling good and at Remington it's our mission to help men achieve their individual style quickly and easily by delivering innovative, trend-led products.

Time for men to fix up or maintain their classic routine, with our superb grooming collection:

Beard Trimmers:

A specialist beard and stubble tool, these products are perfect for achieving different lengths and styles of facial hair.

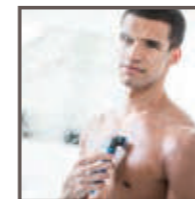

Hair Clippers:

Hair Clippers are suited to trimming, tapering and cutting through thicker head hair as they have a powerful motor.

Personal Groomers:

With various attachments, these kits are great for grooming all-over and ideal for someone who wants one product to meet all their grooming needs.

Body Hair Trimmers:

Suited to precision use, these trimmers are designed to keep the personal areas of the body looking good.

Nose & Ear Trimmers:

Compact and easy to use, these products ensure you look well groomed up close.

BEARD TRIMMERS

T-SERIES

Achieve barbershop looks at home whatever your hair type, with the T-Series styling range. Combining professional cutting and versatile styling, the new Hair & Beard Kit offers high performance trimming suitable for all. In addition, the Ultimate Precision Trimmer delivers enhanced precision and control with a high visibility T-blade, so you can easily achieve clean lines and tight fades from the comfort of your own home.

Durablade

TRIM

SHAVE

STYLE

With the **Durablade**, you can trim, shave and style any length of facial hair and will never need to replace the blades*!

Get your preferred look with 1, 2, 4 or 6mm stubble combs to achieve a variety of lengths. Style beard lines with perfect precision using just the blade, shaving both with and against the grain effortlessly.

Durablade Pro builds on the huge success of the innovative Durablade hybrid groomer. The Pro product includes a detail trimmer to help with precision styling and edging.

This all-in-one product cuts any length of hair, meaning you can groom from full beard to a shaven look in one swift step.

GROOMING

TOUCHTECH

BEARD TRIMMER

SMARTER STYLING IN EVERY SENSE

TouchTech is the cutting edge in beard trimming technology. Keeping in line with current technology trends, the TouchTech is operated through a touch screen interface with digital controls.

GroomMotion technology detects when the trimmer is picked up, lighting up the screen and automatically moving combs into position for the most recently used setting.

The motorised comb can be set to 175 different length settings. With the ability to set these to within 0.1mm, beard trimming can be done with the ultimate precision.

Endurance

GROOMER

VERSATILE GROOMING YOU CAN DEPEND ON

The Endurance Groomer, with specially developed endurance technology, has been designed to hold 70% of its charge over 12 months*, making this the grooming tool you can rely on.

You can achieve a variety of lengths, looks and fades with adjustable comb for trimming between 1 – 15mm, a TST flip side blade for achieving clean shaven precision and a turbo mode for tackling the toughest of hairs.

With specially designed comfort blades, you can achieve all this without the fear of irritation.

MB4700 TouchTech

- SenseSpeed Technology: Senses level of facial hair and adapts to optimal blade speed

SHAVING

Remington is a leading brand to offer both foil and rotary shavers*

Offering both is important because not all skin & hair types are the same and we know from research that comfort & sensitivity are important to your consumers. The below guide explains the differences between the two shaver types:

**MEET YOUR
SHAVING
MATCH**

Rotary

- Up to 3 rotating blades
- Suitable for normal & less sensitive skin types
- Effective at cutting stronger stubble growth
- Easy to manoeuvre around neck & chin

Foil

- Linear blades often covered by foil mesh
- Kinder to sensitive skin
- Suitable for finer hair
- Close shave
- Everyday shaving
